

Observation form

Instructions:

1. Record the participant's name (if allowed), age, and experience.
2. Note the start time.
3. Note the number of clicks the participant needs for each task.
4. Inform the participant that they can begin.
5. Pay attention to the start and completion of each task to record the time it was completed.
6. Once everything is finished, record the number of minutes in the time column.
7. Note comments regarding each task in the comments column.
8. Note the end time.
9. Calculate the total minutes at the bottom.
10. Calculate the total number of clicks.
11. Record general observations.

Name of teacher: *Luciana Valencia*

Age: *42*

Previous experience:

Luciana has been a teacher for over 6 years, specializing in working with children with ADHD.

Start time: *09:00:00*

1. Time on tasks

Number of task	End time	Total time on task	Comments
1	09:00:40	40 sec	It was a little troublesome to search for the activities because I confused techniques with activities
2	09:01:15	35 sec	
3	09:01:35	20 sec	
4	09:02:05	30 sec	

2. Total Number of Clicks

Number of task	Number of Clicks	Comments
1	4	I was browsing between two pages to find what I was looking for.
2	3	
3	2	
4	3	
Total of Clicks	12	

End time: *09:02:05*

Total minutes: 125 seconds = 2 minute 05 seconds

General observation:

It looks like an easy-to-use page, but the terms used for some things confused the user as to what they meant, so it took a while for the user to understand.
